This is a Health and Safety regulation being enforced by the department of Child and Family Development. | |

AOK Family Fun: "Play to Learn, Learn to Play"

This program is designed to encourage quality interactions between you and your child from birth to six years, as well as, providing the parents/caregiver opportunities to network and share with other adults. You and your child will have many opportunities to explore and learn through a play-based environment. The activities provided are child-focused and age-appropriate.

This program does not require registration. However, space is limited at each location.

Music and Movement

The Music and Movement program introduces children and their families to music and physical literacy. Participating in activities offers children a chance to develop self-esteem, social, language and motor skills.

Funded through
The Regional
Municipality of York
